RE: Section 9 Gravel Pit
& the Closure of the
West Spray Field

Dear Mr. Greengard:

Thank you for your letter of December 16th, 1987, and your follow up with Schedule dated December 21st, 1987.

As you know, I have been working and cooperating with Rick Lawton and Kirk McKinley. Based on conversations with them, we have worked out an agreement that the gravel miners will stay out of the area in question until the end of August, 1988. I have contacted the gravel miners and they have agreed.

Hopefully you can meet your projected deadline.

A few questions . . .

1. When I discussed this with Rick Lawton and Kirk McKinley they indicated contacting the City of Broomfield regarding the impacts on their two ditches and reviewing your activities with them. Where do they fit in your schedule?
2. I also note there are no years indicated on your schedule. Your letter does cover it I think.
3. Does the last part of your letter mean that your schedule will be delayed another two months?
4. Does your letter mean that if you do not hear from C.D.H. in January it will be further delayed?
5. What are the results of your preliminary tests of this area.
6. What are your realistic expectations of the closure, the timetable, the other potential delays or items that need to be added?
7. Lastly, if this project gets delayed, can it get prioritized or fast tracked to pick up time?

RECEIVED

Please do not misunderstand this letter. I'm just trying to find out the facts and information so I can deal with it before it becomes a big problem.

Please let me hear from you.

Yours very truly,

CHURCH RANCH
